HPN Energy²

Powdered Energy Drink - Cherry Flavored & Sweetened with Stevia

HPN Energy² has been specially developed for times of increased mental and physical exertion. HPN Energy² offers many benefits, including:

- improved athletic performance
- increased concentration and reaction time
- increased endurance
- metabolism stimulus

HPN Energy² is appreciated by athletes, active students, busy professionals, and drivers on long trips.

HPN Energy² is a no-calorie supplement that uses no artificial sweeteners or preservatives. Comes in a natural cherry flavor.

Key Ingredients of HPN Energy²:

L-Taurine - Has been shown to play a particular role in promoting heart health. It provides support for neurotransmitters and has a protective effect on the brain.

L-Thyrosine – Is converted into dopamine and norepinephrine, which can lead to increased alertness, focus, better mood and mental arousal.

GABA (gamma-amino butyric acid) – Is the most important and widespread inhibitory neurotransmitter in the brain.

Guarana (contains 5mg caffeine) – Contains many healthful substances, including a natural stimulatory ingredient known as Guaranine. Guaranine is not caffeine; in fact, it is molecularly similar to the theobromine in chocolate. This is the reason for the energy boost and feel good mood people get after taking Guarana.

Choline – Helps form phosphatidylcholine, the primary phospholipids of cell membranes. Choline is also the precursor to acetylcholine, one of the crucial brain chemicals involved in memory and a stimulatory neurotransmitter.

Niacin (B3) – A powerful brain protector. It helps repair damage to brain cells and boosts blood flow to weak, sick cells. Niacin is a vasodilator, which widens and increases blood flow to help with circulation.

Stevia Extract – is 300 times sweeter than regular sugar. Stevia extract has no calories and is suitable for diabetics. Children can use Stevia without health concerns and it does not cause tooth decay. Stevia is already widely and safely consumed in many countries around the world.

Supplement Facts

Quantity: 36 servings

Serving Size: 1tsp (approx. 5 g)	Amt Per Serving	%Daily Value
L-Taurine	100mg	*
L-Thyrosine	50mg	*
L-Glycine	12.5mg	*
