

# Youth D3

Anti-Aging Support for Skin, Bone, Heart

**Youth D3** is an incredibly efficient anti-aging formula that enhances the skin and combats the effects of aging from the inside out.

**Youth D3** contains natural vitamin D3 which has shown to provide a major benefit in cardiovascular health & skeletal support. Vitamin D3 is normally synthesized in the body from sunlight, but due to the winter season, weather conditions, and sunscreen, the body's ability to produce optimal vitamin D3 levels are inhibited. In fact, it has been proposed that annual fluctuations in vitamin D3 levels explain the seasonality of influenza.

## Key Ingredients of Youth D3:

**Vitamin D3** – Has long provided significant support for healthy bone density. Science has validated that vitamin D plays a critical role in regulating healthy cell division and has profound effects on the immune system. As a result of new research and evidence of a widespread vitamin

D deficiency at all ages and races, prominent scientists are calling on Americans to increase their vitamin D intake. Vitamin D3 is normally synthesized in the body from sunlight.

**Collagen Bovine** – Is an integral part of the skin's fabric. It forms a mesh-like structure that helps to support new cells as they grow while providing needed flexibility. There is more collagen in the skin than any other protein. Collagen atrophy is a major factor in skin aging and there is a strong correlation between skin collagen loss and estrogen deficiency at menopause.

**Curcumin C3 Complex** – Has reference to its three main compounds: Curcumin, Demethoxycurcumin, and Bisdemethoxycurcumin which are collectively known as Curcuminoids. This bioprotectant "Super Antioxidant" provides optimal protection and integrity to biological systems in the body. This unique composition ratio is patented and has been used in over 50 research studies at major institutions for its anti-inflammatory responses. It can help with enhanced heart/circulatory health and increased wound healing.

**DMAE (dimethylaminoethanol)** – Is known to stabilize cell membranes. Cell membrane degradation has been proposed as one of the prime mechanisms of normal aging. DMAE is a precursor to choline and acetylcholine. It is the choline inside cells that are converted to phosphatidylcholine used in building and repairing cell membranes especially in the brain. DMAE is even being used for sagging skin and age spots.

**Alpha Lipoic Acid (ALA)** – Is a powerful antioxidant in the areas of neuron protection, stroke, heart disease, and cataracts. ALA boosts the entire antioxidant network by increasing levels of vitamins E and C, glutathione, & CoQ10. It's one of the few compounds that deliver its antioxidants right into the mitochondria. ALA also improves blood sugar balance and lowers insulin resistance.

## Supplement Facts

| Quantity: 60 Vegicaps              |                 |              |
|------------------------------------|-----------------|--------------|
| Serving Size: 2 capsules           | Amt Per Serving | %Daily Value |
| <b>B-1</b>                         | 6.25mg          | 106%         |
| <b>B-2</b>                         | 6.25mg          | 94%          |
| <b>B-6</b>                         | 6.25mg          | 65%          |
| <b>B-12</b>                        | 125mcg          | 21%          |
| <b>Vitamin D3</b>                  | 4000iu          | 750%         |
| <b>Collagen Bovine</b>             | 300mg           | *            |
| <b>Curcumin C3 Complex</b>         | 40mg            | *            |
| <b>DMAE (dimethylaminoethanol)</b> | 25mg            | *            |
| <b>CoQ10</b>                       | 25mg            | *            |
| <b>Alpha Lipoic Acid</b>           | 10mg            | *            |
| <b>Hyaluronic Acid</b>             | 10mg            | *            |
| * Daily Value not established      |                 |              |

**Also Contains:** vegetable cellulose capsules.

**Directions For Use:** Take two (2) capsules daily as needed, or as directed by your health care professional. Keep out of reach of children.

If you are pregnant or nursing, consult a physician before using this product. This product contains NO egg, dairy, fish, peanuts, crustacean shellfish (lobster, crab, shrimp), soybeans, tree nuts, wheat (gluten), or yeast. Contains no artificial sweeteners, flavors, colors or preservatives. This product has not been evaluated by the FDA and is not intended to cure, treat, diagnose, or prevent disease.
