CONTEMPORARY INTERNET LIFESTYLES

DIS teamed up with Parker Ito to explore Contemporary Internet Lifestyles. Parker knows that when you spend all day and night surfing the internet, your body needs a special kind of care. He recommends stretching, personal massage tools, lots of pillows, and a comfy wardrobe. Diversifying your surfing accessories is just as important. Mix it up. Desktop, laptop, iPad, flat screen. The lovely Paris Gotti demonstrates how to stay sexy, healthy, and comfortable while being addicted to the internet.
