Check out [Lavender Twist](#) by the "home novelty" (ie. adult) company, Athena. This great-smelling product may look like a deodorant stick, but don't waste it under your arms. It is a "stick" of lotion that smells like Spring (very fresh) and works well to keep skin moisturized. It isn't a cream so it goes on light and smooth.

Lavender Twist has extra emollient oils and butters that soften and nourish dry skin. It is ideal for daily moisturizing and is designed to be used easily during "at home" massages, which is why this product is made by an adult company. The lotion is hand poured into a stick for a convenient, no-mess application. Athena's website says it smells like "fairies dancing in a field of lavender flowers". I don't know about fairies and all that but it really does smell good and not overpowering. I would use it instead of body spray or perfume.

Cost: \$13.75 [online](#).

Enjoy!
