e.i.f. Collection: The 2010 e.i.f. (eyes, lips, face) collection is perfect for a travel beauty kit. This assortment is available in different sizes each of which offer a nice array of color options and textures. I sampled the Holiday Mini-Palette which features all of the essential make-up must haves including 9 powder eyeshadows, 1 cream eyeshadow, 1 eye liner, 1 dual-ended eyeshadow applicator and brush, 1 bronzer, 1 brow powder, 1 blush, 10 lip gloss shades, 1 face brush, and 1 lip brush. With one of the e.i.f. kits in your beauty bag, you won't have a need to pack any other cosmetics! (Available at [eyeslipsface.com](#) along with a variety of other nice cosmetic options).

Light Up Lip Gloss from Artistry Skincare and Cosmetics: Who doesn't want luscious-looking lips for special outings, parties, and fancy events? Artistry® Light Up Lip Gloss makes it easier to achieve lips that ooze sensuality with a special sparkle and touch of color. Sold in an attractive rectangular tube with a built-in mirror and LED light, Artistry® Light Up Lip Gloss is sold in three attractive colors (Champagne, Glitz, and Passion) and has been designed to complement all types of skin tones. I think it's important to note that this lip gloss tingles the lips with a minty-fresh zing, adding a bit of excitement to its use. Available at [amway.com](#).

Softlips Lip Conditioning Balms: Winter weather often takes its toll on a woman's lips. With Softlips lip conditioning balms, you can give them the protection they need to look luscious and healthy. Each irresistible flavor provides SPF 20 sun protection at a price you can afford. I sampled the holiday flavors of mint (with a hint of vanilla), winter mint, sugar and spice, sugar cookie, and sugar plum berry. In addition to being so affordable at approximately \$2.00 each

plum berry. In addition to being so absorbent at approximately \$2.00 each, Softlips are readily available for purchase at most drug stores, grocery stores, and superstores.

Certain Dry Antiperspirant: If you could have 72-hour protection from underarm perspiration so you could avoid unwanted sweating, especially during parties, special dinners, and fancy events, you would probably use such a product. Well, you can have 72-hour protection with Certain Dry antiperspirant, which is available in solid and roll-on styles. Available in most drug stores, superstores, and grocery stores.

ROHTO Cooling Eye Drops: No one likes to have tired-looking eyes with red lines streaking through them at any time of the day or evening, but having tired-looking eyes for a special event or party is even worse. Fortunately, ROHTO cooling eye drops can eliminate tiredness from your eyes quickly while lubricating and soothing your eyes. Plus, ROHTO eye drops are small enough to toss in a travel beauty bag or purse so you can always carry a bottle with you. ROHTO cooling eye drops are available in four different formulas including cool (redness relief), ice (redness relief/soothes itching), hydra (dry eye), and arctic (redness relief/eye strain). ROHTO cooling eye drops are sold at most drug stores, supermarkets, superstores as well as online at drugstore.com.

Samy FAT HAIR "0" Calories: For thicker looking hair, toss in a conveniently sized spray can of Samy FAT HAIR. Its thickening complex penetrates into your hair shaft, plumping it up to look fuller and thicker. Turn limp hair into gorgeous hair in minutes. This product is made with vitamins, proteins, and natural extracts. Plus, you can use it to shape your hair for that special party or event. It's great for beauty-on-the-go! Sold at samysalon.com along with a variety of beauty products.

Scotch Naturals WaterColors Nail Care: Offering an alternative to traditional nail polish with its toxic solvent base, Scotch Naturals WaterColors Nail Care is perfect for women looking to cut back on their exposure to harsh chemicals. While I tried the Kiltlifter or red color, lots of other colors are available including Whisper, Neat, Highland Mist, Tartan Swizzle, Velvet Kilt, Lock Ness Mystery, Hot Toddy, Flying Scotsman, Black Tartan, Heather Blush, and Ceasefire. The primary ingredients include water, non-toxic colorants, and water-miscible acrylic polymer emulsion. Although I haven't tried it, there's also a Scotch Naturals Rehab Conditioner that can be used to revitalize your nails. Available at ScotchNaturals.com.

Fancy for Women: Launched in 2008, Fancy for Women by Jessica Simpson offers a delicate blend of apricot nectar, pear, gardenia, red fruits, toasted almonds, jasmine, sandalwood, caramel, and vanilla crème with amber crystals. This roller ball eau de parfum comes in a slender glass vial that tucks nicely into a beauty travel kit. I found it to be a pleasant scent that worked quite nicely for a variety of outings. Available at a variety of locations including Amazon.com.

lovelily: Designed with a fragrant blend of aromatic notes, lovelily eau de toilette spray is perfect in every way. Available in a convenient 1-ounce size, lovelily fits snugly into a beauty travel bag or even your purse. Athena's Home Novelties: Adventurous women or those who are looking to spice things up a bit might enjoy shopping at [Athena's Home Novelties](#) for a variety of beauty products, novelties, and cosmetics. It might just be that you'll need to take that beauty travel kit along on a romantic encounter.

Coochy Body Shave Cream with Aloe Vera doubles as a softening body cream for shaving and as a conditioner for your hair. If you are one of those women who occasionally experience those tiny red bumps after shaving, this body shave cream is designed to prevent those. The Heavenly Goddess Skinny Dip Soy Candle comes in a 6.8 ounce size. Intended to stimulate the senses in more ways than one, this soy candle is made with hemp seed, almond, jojoba, and Vitamin E.

Skinny Dip Body Mist is made with hemp seed oil and offers a refreshing scent. It's sold in an 8-ounce bottle, so it's perfect for several trips in your beauty bag. Athena's Lavender Twist Body Lotion Stick, which contains natural germ-fighting oils, is intended to moisturize the skin with emollient oils and butters so a woman can feel smooth and soft. It offers a crisp scent that energizes, so it is perfect to use after a long day.

FB or Fresh Breasts, the solution for women, is a unique product designed to keep a woman dry and fresh where it counts. No more feeling sticky or sweaty. Although Fb goes on like a lotion, it transforms into a silky, non-talc powder that feels so fresh and so dry. Best yet, this product is aluminum free, talc free, and paraben free. Since it contains oatmeal, it acts as an anti-irritant. One of its ingredients, tea tree oil, acts as an anti-bacterial agent.
